11th ACR Mission

The 11th Armored Cavalry Regiment conducts COB and PPG operations to provide brigade task forces the opportunity to achieve proficiency in SASO and force protection tasks in order to promote host-nation relations and sustain combat power.

Goal

To provide a structured, competitive COB/PPG training environment that is integrated into force-on-force and live-fire operations.

To integrate free-play and directed events.

Place a premium on SASO/force protection

Drive units to plan for and protect the force

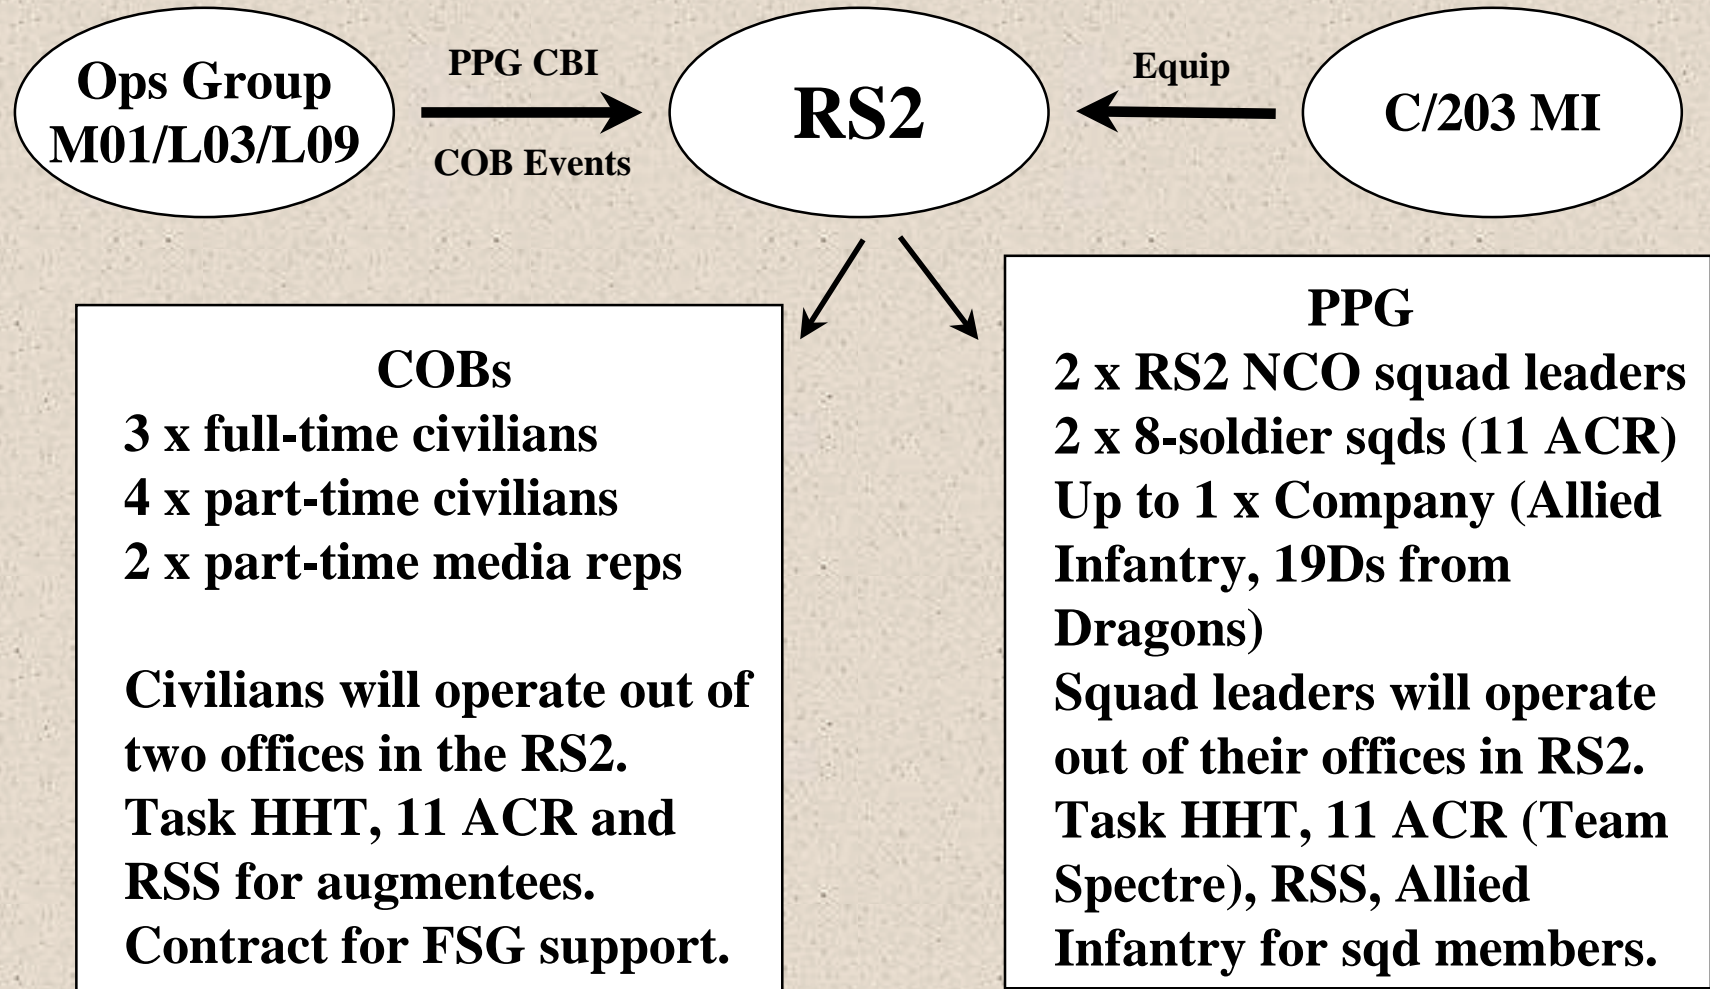

Bring SASO/force protection to the forefront of operational planning

No force protection = Degraded combat power and ability to accomplish the mission

Drives force protection/ SASO assessments into IPB

Operations

- **BH2 develops CBI with Mustang 01**
 - **Structure PPG/COB events, +2/+4 concept**
 - **Determine level of free-play based on scenario, escalating branches/linkages**
 - **Determine intel possessed by COB/PPG**
- **RS2 conducts pre-rotation coordination with Mustang, Broncos (MP Plt, JAG, MI Co), and Team 09s during BRD week**
- **PPG/COB pre-execution check:**
 - **Target nomination to Lizard TOC**
 - **Determine with Lizards OC Team involved**
 - **Blackhorse Brother drops to team internal**
 - **Lizard TOC/Team 07 approval for mission**

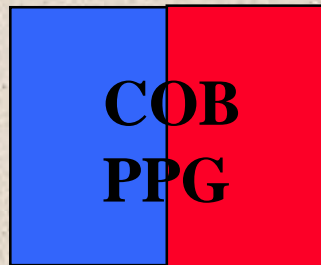

Operations

- COB/PPG activities briefed with MRR Execsums (Target type and location, time, OC Team affected)
- Blackhorse Brothers cover COB/PPG events to assist Ops Group OC's, obtain COB net on OCCS
- OC's dictate mission completion/training objectives met

Intelligence Flow

BH2A/B

Issues

- Foreign weapons' ammunition, waiting for 203 MI Bn and SOCOM to tell us how to procure ammunition. If we use M60s instead of AKMs, have enough ammo for approximately 35 rotations.
- Shifting maintenance contract from INSCOM to FORSCOM.

ZIL-157 (6 x 6) 2,500 kg truck

ZIL-130 (4 x 2) 4,500 kg truck

Summary

- Operations Group (COG/L07) approves of proposed COB/PPG concept/operations.
- Regiment ready to execute COB/PPG play by 99-10 with 2nd ACR.
